## NEOGARD® SEAMLESS FLUID APPLIED ROOFING

Use Over:

- Spray Polyurethane Foam
- EPDM / Single Ply
- Modified Bitumens
- Built-Up Roofs
- Metal
- Concrete

## PERFORMANCE PROPERTIES

- Seamless and fully adhered

- Light weight

- Elastomeric

- Reflective

- Sustainable

- Long successful track record

- Resistant to ponding water

- Environmentally friendly

## PRODUCT ADVANTAGES

- One-piece "customized" fluid applied roofing

- No weak spots

- Goes over existing roof with minimum tear-off

- Accommodates thermal expansion and contraction

- Keeps your building cooler

- Systems can be renewed, not replaced

- Proven performance for over 30 years

- More durable low slope roofs

- Low odor, meets environmental requirements

## YOUR REWARDS

- No seams to fail
- Self flashing
- Leak protection
- Reduces cost of installation and exposure to weather
- Resists cracking or splitting
- Leak protection
- Lower energy expense
- Reduces roofing life cycle cost
- Less waste in landfills
- Less risk to owners
- Lower life cycle costs
- Leak protection
- Less waste in landfills
- No hazardous waste disposal costs

## CREDENTIALS

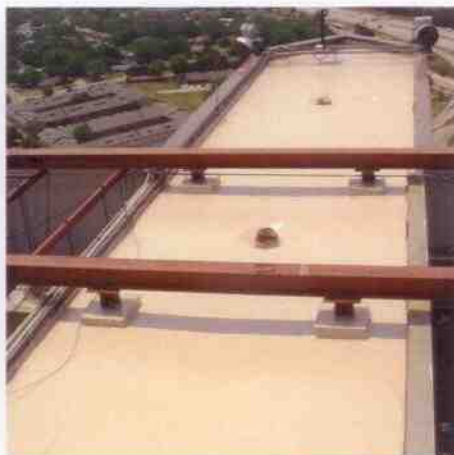

- ISO 9001:2008
- UL® Class "A" Fire Rated
- LEED\* Friendly
- Miami-Dade County Approved
- CRRC®
- ENERGY STAR® Rated
- FM Global® Approved
- SCAQMD®  
South Coast Air Quality Management District
- Florida Building Code

## HIGH LEVELS OF SUPPORT

- National network of licensed applicators
- National, regional, and local representatives
- AIA accredited classes
- Guide specifications
- Guides to reducing maintenance
- Application manuals
- Application training
- Customer service
- Technical service
- Product development
- In-house manufacturing
- Warranty program
